QuantGate Systems Inc.

TORONTO, Oct. 04, 2023 (GLOBE NEWSWIRE) --

QuantGate Systems Inc. (OTCQB: QGSI), a

leader in Artificial Intelligence (AI) and Machine

Learning (ML) fintech solutions, announces it

has a signed agreement to collaborate with

[Oxford Immune Algorithmics](#) (OIA), a deep-tech

start-up incubated by the University of Oxford.

This exciting partnership will integrate predictive

and generative Artificial General Intelligence

(AGI) into QuantGate's product suite,

commencing with Pilot Trading.

82% of retail CFD accounts lose money.

Key Highlights:

- QuantGate Systems Inc. and Oxford Immune Algorithmics (OIA) join forces to revolutionize fintech with AGI.
- AI expert and mathematician [Hector Zenil](#), Founder and Chief Visionary Officer of OIA, appointed to QuantGate's advisory board.
- This collaboration represents a monumental step toward innovative fintech solutions and enhanced AI capabilities.

Hector Zenil, world pioneer in applications of

algorithmic randomness, AI and causality, will

play a pivotal role in this collaboration, actively

participating on QuantGate's advisory board. His

contributions will significantly augment

QuantGate's mission to drive fintech innovation,

ultimately transforming the financial landscape.

*Illustrative figures. Based on Plus500 global H1 2024 statistics on new traders.

80% of retail investor accounts lose money when trading CFDs with this provider. You should consider whether you can afford to take the high risk of losing your money.

Dr. Zenil's extensive background includes

research and faculty positions at globally

esteemed institutions, including the Universities

of Oxford and Cambridge. He has been at the

forefront of AI advancements, contributing to

developing the factual computational linguistics

behind Apple's Siri and Amazon's Alexa as part

of the original Wolfram|Alpha team, recently

incorporated to ChatGPT's ecosystem to reduce

LLMs' hallucinations. [Zenil](#)'s visionary

leadership extends to founding Oxford Immune

Algorithmics, a biotech spinout from the

University of Oxford, which pioneers the use of

AGI in biotechnology.

QuantGate's CEO, Allan Bezanson, described

this collaboration: "We are thrilled to partner

with Oxford Immune Algorithmics and welcome

Hector Zenil to our advisory board. This

collaboration represents a significant leap

forward in our journey to harness the power of

AGI into our AI trading products and deliver

cutting-edge fintech solutions."

Zenil shared his excitement: "I eagerly look

forward to working with the talented QuantGate

team. Our collaboration promises to push the

boundaries of AI and ML in fintech, and I am

committed to contributing to the company's

success."
